- How should I handle the parking machine salesperson who has made many promises?
- How do I balance the "service" side of parking being demanded by the BIA's?
- Is all the money getting to the bank?
- parking is a big business... Do we have "On-Site" informed parking staff?
- What parking meters are out there?
- Should I lease or buy?
- Should an outside company do the whole thing?
- Don't I need someone to help us make any key decisions about this "business"?
- Can we create a better image?
